New Electronic AIP Management Portal (E-PUBs)

In keeping with our strategic objectives of Safety, Operational Efficiency and Innovation, we are pleased to announce the launch of our new electronic AIP Management Portal (E-PUBs) with effect from March 1, 2022. The portal, which is intended to strengthen our systems and processes, is a central repository for subscribers to access the most current versions of our AIP, AIP Amendments, AIP Supplements and AICs.

The E-PUBs Portal is simple, very user-friendly and has myriad benefits to customers. The portal is available to customers who maintain valid subscription to the AIP products. Customers who are eligible for access to publications under a mutual exchange agreement, are also able to request access and maintain their user accounts.

Among its many features are:

- i) Self-service subscription request;
- ii) Automatic subscription renewal reminders;
- iii) Access to the most current versions of all static data publications

To access the portal, kindly click on the link below.

Subscribers/Clients – <https://aim.jcaa.aero/client/login>

This AIC supersedes AIC A18/22 dated 02 March 2022
