**AIC**

A20/22

4 March 2022

**ADMINISTRATIVE**  
(White)

**AMENDED INSTRUCTIONS ISSUED BY GOVERNMENT**  
**REGARDING JAMAICA TRAVEL ENTRY PROTOCOLS: COVID-19**

1. This AIC is issued based on/further to the Disaster Risk Management (Enforcement Measures) (No. 4) Order, 2022, which took effect February 25, 2022.
2. The measures set out in the Orders are directed to be enforced in accordance with the Disaster Risk Management Act, for removing or otherwise guarding against or mitigating the threat, or effects, of the SARS-CoV-2 (Coronavirus COVID-19) and the possible consequences thereof.
3. **Requirements for Entry to Jamaica**
  - (1) A person who, during the period February 25, 2022 to February 28, 2022, seeks to enter Jamaica, shall:
    - (a) if the person is ordinarily resident in Jamaica, complete, through the website <https://jamcovid19.moh.gov.jm/>, the relevant application for entry; or
    - (b) if the person is not ordinarily resident in Jamaica,
      - (i) complete, through the website <https://www.visitjamaica.com>, the relevant application for entry; and
      - (ii) comply with all applicable provisions of the Immigration Restriction (Commonwealth Citizens) Act and the Aliens Act.
  - (c) In sections 3., 4., 5., 6. and 7., “ordinarily resident in Jamaica” means resident in Jamaica for a continuous period of not less than six months in a calendar year.

(2) A Medical Officer (Health), Medical Officer or public health officer shall, in respect of a person who applies under sub-paragraph (1) to enter Jamaica, conduct a health and risk assessment including:

- (a) a temperature check;
- (b) observation for symptoms of the SARS–CoV-2 (Coronavirus COVID-19);
- (c) taking into account whether the occupation of the person creates a heightened risk of exposure to the SARS–CoV-2 (Coronavirus COVID-19); and
- (d) taking into account the countries visited by the person during the period of six weeks immediately before the date of the application and any other relevant health factors,

and determine whether or not the person poses a high risk for the transmission of the SARS–CoV-2 (Coronavirus COVID-19).

- (3) During the period from February 25, 2022 to February 28, 2022, each person who enters Jamaica shall be given information about the protocols that the person shall follow in order to minimize the risk of transmission of the SARS–CoV-2 (Coronavirus COVID-19).
- (4) Notwithstanding anything in paragraphs 4 to 7, a person permitted to enter Jamaica under any of those paragraphs shall be permitted to leave Jamaica during the period from February 25, 2022 to February 28, 2022.
- (5) The provisions of sub-paragraph (2) and paragraphs 4, 5, 6 and 7 shall not apply to airline crew, but during the period from February 25, 2022 to February 28, 2022, a member of airline crew, who is landed in Jamaica, shall for the duration of that member's stay in Jamaica, remain at an abode or place of residence (including the yard).

#### **4. Procedure For Entry of Person Ordinarily Resident in Jamaica**

- (1) A person seeking to enter Jamaica at any time during the period from February 25, 2022 to March 17, 2022, who is ordinarily resident in Jamaica shall –
  - (a) prior to boarding the vessel destined for Jamaica, provide at the port of departure a negative COVID-19 test, in respect of that person -
    - (i) in accordance with the specifications of the Ministry with responsibility for health and wellness; and
    - (ii) taken no earlier than three days prior to the date of departure for Jamaica.

- (b) comply with all applicable directions given, and requirements imposed by an authorized officer; and
  - (c) comply with the provisions of paragraph 9 and with all applicable directions given, and requirements imposed, in respect thereof by an authorized officer.
- (2) A person who enters Jamaica during the period from February 25, 2022 to February 28, 2022, shall, subject sub-paragraph (5), remain in quarantine, in accordance with -
- (a) a home quarantine order; or
  - (b) a Government facility quarantine order,
- issued to the person by a Medical Officer (Health).
- (3) A home quarantine order under this paragraph shall be in the following form:

THE DISASTER RISK MANAGEMENT (ENFORCEMENT MEASURES) (No. 4) ORDER, 2022, PARAGRAPHS 4 AND 7

### **HOME QUARANTINE ORDER**

A RISK-BASED PROTOCOL HAS BEEN INTRODUCED REGARDING TESTING AND RESTRICTION ON MOVEMENTS FOR PREVENTION AND CONTROL OF COVID-19.

All persons arriving in Jamaica are required to undergo a health screening and risk assessment.

### **CONTROL MEASURES FOR PERSONS WITH POSSIBLE EXPOSURE TO SARS-CoV-2**

You have, or might have, been exposed to the SARS-CoV-2, virus that causes COVID-19, through travel or contact. Infection by the SARS-CoV-2 virus is an acute respiratory infection that may present with mild, moderate, or severe illness and may be fatal. The symptoms of acute respiratory infection include fever, cough, sore throat and difficulty breathing, and in some cases, diarrhoea, vomiting, abdominal pain, chest pain. Symptoms may appear anywhere from two (2) to fourteen (14) days after exposure to the SARS-CoV-2. People may be able to transmit infection beginning one day before they develop symptoms to up to 7 days after they get sick. The SARS-CoV-2, virus is transmitted by spread most often by respiratory droplets from an infected person. If SARS-CoV-2, virus spreads in the community, it would have severe public health consequences.

In accordance with THE DISASTER RISK MANAGEMENT (ENFORCEMENT MEASURES) (No. 4) ORDER, 2022, the Medical Officer (Health), Medical Officer or public health officer has determined that: As a result of your possible

exposure to the SARS-CoV2, virus in accordance with THE DISASTER RISK MANAGEMENT (ENFORCEMENT MEASURES) (No. 4) ORDER, 2022, the following public health control measures detailed below are being implemented. These measures include contact with the \_\_\_\_\_ Health Department at least twice daily to monitor signs and symptoms of COVID-19, for the applicable number of days, following the date of arrival into the country, as described in the Requirements section below. Based on assessment, you may be required to do a COVID-19 test. All persons who test positive OR become symptomatic are placed in isolation.

## **REQUIREMENTS**

### **Fully Vaccinated Travelers**

If you are Fully Vaccinated against COVID-19 (that is, you have received both doses of a vaccine required to be administered in two doses or one dose of a vaccine required to be administered as a single dose AND at least 14 days have passed since you received your last dose of the vaccine), you must **comply with these control measures** for 8 days following the date of landing in Jamaica.

*(For example, if you land on February 1<sup>st</sup>, Day 1 of quarantine is February 2<sup>nd</sup>, and Day 8 is February 9<sup>th</sup>. Your quarantine would end on February 10<sup>th</sup>)*

However, if you are fully vaccinated, you have the option to do a Reverse Transcription Polymerase Chain Reaction Test (RT-PCR) for COVID-19 at your own expense either within 72 hours prior to travelling to Jamaica or following your arrival in Jamaica at an approved testing laboratory (see <https://www.visitjamaica.com/travelauthorization/testinglabs/> for a list of approved laboratories). If you conduct your RT-PCR test after arrival in Jamaica and your test result is negative, your quarantine period will end on receipt of your result. If your test result is negative, your quarantine period will end on receipt of your result. If your test result shows that you are COVID-19 positive, you must immediately notify the \_\_\_\_\_ Health Department and isolate yourself from other persons in accordance with the isolation protocols of the Ministry with responsibility for health.

### **Non Fully Vaccinated Travellers**

If you are NOT Fully Vaccinated against COVID\_19 (that is, you have NOT received both doses of a vaccine required to be administered in two doses or one dose of a vaccine required to be administered as a single dose AND at least 14 days have passed since you received your last dose of the vaccine), you must **comply with these control measures** for 14 days following the date of landing in Jamaica.

*(For example, if you land on February 1<sup>st</sup>, Day 1 of quarantine is February 2<sup>nd</sup>, and Day 14 is February 15<sup>th</sup>. Your quarantine would end on February 16<sup>th</sup>.)*

During the period of quarantine, you are required to:

Remain at (insert address) unless specifically authorized to leave by the Medical Officer (Health).

Isolate yourself from others immediately if any symptoms develop and call the

Record your temperature and symptoms every 12 hours using the App on your phone (or on the relevant form downloadable from(<https://jamcovid19.moh.gov.jm/formB>).

Be available for an in-person visit once per day by a health care worker.

Report your temperature and symptoms a minimum of 2 time(s) per day to the Health Department nurse by phone.

Keep a record of all visitors to your home and public places you visit if permitted by the Medical Officer (Health) using the App on your phone, or the form provided.

Maintain a 6-feet (1m) distance from others.

NOT take any form of public transportation (*e.g.* aircraft, buses, taxi, car-pooling, *etc.*).

NOT go to public places (*e.g.* shopping centers, movie theatres, market, church) or public gatherings.

NOT go to your workplace (working from home is permitted).

Notwithstanding the requirements detailed above, the Medical Officer (Health) may impose new or different requirements if the Medical Officer (Health) is of the opinion that circumstances have changed to necessitate the imposition of new or different requirements.

**If you fail to comply with these control measures, you commit an offence under Section 52 of the Disaster Risk Management Act** and shall be liable on summary conviction before a Judge of a Parish Court to a fine not exceeding one million dollars or to imprisonment for a term not exceeding twelve months.

The staff of this Health Department remains available to provide assistance and counselling to you concerning your possible exposure to SARS-CoV2 and compliance with these control measures. Please refer to Health Alert Card (<https://jamcovid19.moh.gov.jm/HAC>) for accessing the public health system.

(4) In any case where –

(a) the person has –

- (i) provided in accordance with sub-paragraph (1) a negative COVID-19 test other than a RT-PCR test; and
- (ii) been fully vaccinated against the SARS-COV-2 (Coronavirus COVID-19) and not less than fourteen days have elapsed since the person received the dose of the vaccination required for the person to be medically considered as fully vaccinated against the SARS-COV-2 (Coronavirus COVID-19),

the period of the quarantine under sub-paragraph (2)(c) shall be eight days; or

(b) the person has –

- (i) provided in accordance with sub-paragraph (1) a negative COVID-19 RT-PCR test; and
- (ii) been fully vaccinated against the SARS-CoV-2 (Coronavirus COVID-19) and not less than fourteen days have elapsed since the person received the dose of the vaccination required for the person to be medically considered as fully vaccinated against the SARS-CoV-2 (Coronavirus COVID-19),

sub-paragraph (2)(c) shall not apply.

(5) Notwithstanding sub-paragraph (4), the period of quarantine ends if –

- (a) sub-paragraph (4)(a) and (b) apply to the person; and
- (b) the person tests negative for the SARS – CoV-2 (Coronavirus COVID-19) on a RT-PCR test taken, at the person’s expense, on the person’s arrival in Jamaica.

**5. Procedure Following Risk Assessment Of Person Who Is Not Ordinarily Resident In Jamaica, Visiting As A Tourist In The Resilient Corridor**

- (1) This paragraph applies in respect of a person:
- (a) who is not ordinarily resident in Jamaica;
  - (b) who seeks to enter Jamaica as a tourist; and
  - (c) whose intended abode or place of residence in Jamaica is at a place –
    - (i) within the area of the Resilient Corridor described in paragraphs 10 and 11; or
    - (ii) that is a “hotel” or “resort cottage” (as those terms are defined in the Tourist Board Act, and whether located within or outside of the area described in paragraphs 10 and 11) and is –
      - A. licensed under the Act;
      - B. certified by the Tourism Product Development Company Limited; and
      - C. operating in accordance with the “*Covid-19 Ministry of Tourism Health and Safety Protocols for the Jamaica Tourism Sector 2020.*”
- (2) Where the person seeks to enter Jamaica at any time during the period from February 25, 2022 to March 17, 2022, the person shall, prior to boarding the vessel destined for Jamaica, provide at the port of departure a negative COVID-19 test, in respect of that person –
- (a) in accordance with the specifications of the Ministry with responsibility for health and wellness; and
  - (b) taken no earlier than three days prior to the date of departure for Jamaica.
- (3) Subject to sub-paragraphs (6) and (8), a person to whom this paragraph applies and who is permitted to enter Jamaica at any time during the period from February 25, 2022 to February 28, 2022 -
- (a) shall, in accordance with an order issued to that person under this paragraph, remain at the person’s abode or place of residence –
    - i. within the area of the Resilient Corridor described in paragraphs 10 and 11; or
    - ii. at a place referred to in sub-paragraph (1)(c)(ii); and

(b) shall not be required to be tested for the SARS – CoV-2 (Coronavirus COVID-19) for the duration of person’s stay in Jamaica pursuant to such permission, unless -

(i) the assessment conducted under paragraph 3 determines that the person poses a high risk of transmission of the SARS – CoV-2 (Coronavirus COVID-19); or

(ii) the person displays symptoms of the SARS – CoV-2 (Coronavirus COVID-19).

(4) A person to whom any of the requirements of this paragraph applies shall:

(a) comply with all applicable directions given, and requirements imposed, by an authorized officer;

(b) comply with the provision of paragraph 9; and

(c) during the duration from February 25, 2022 to February 28, 2022, only travel on transportation licensed under the Tourist Board Act.

(5) A stay in the Resilient Corridor order under this paragraph shall be in the following form:

THE DISASTER RISK MANAGEMENT (ENFORCEMENT MEASURES) (NO. 4) ORDER, 2022,  
PARAGRAPH 5

**STAY IN RESILIENT CORRIDOR OR SPECIFIED PLACE**

A RISK-BASED PROTOCOL HAS BEEN INTRODUCED REGARDING TESTING AND RESTRICTION ON MOVEMENTS FOR PREVENTION AND CONTROL OF COVID-19.

All persons arriving in Jamaica are required to undergo a health screening and risk assessment.

**CONTROL MEASURES FOR PERSONS WITH POSSIBLE EXPOSURE TO SARS-CoV-2**

You have, or might have, been exposed to the SARS-CoV-2, virus that causes COVID-19, through travel or contact. Infection by the SARS-CoV-2 virus is an acute respiratory infection that may present with mild, moderate, or severe illness and may be fatal. The symptoms of acute respiratory infection include fever, cough, sore throat and difficulty breathing, and in some cases, diarrhoea, vomiting, abdominal pain, chest pain. If SARS-CoV-2 spreads in the community, it would have severe public health consequences.

In accordance with THE DISASTER RISK MANAGEMENT (ENFORCEMENT MEASURES) (No. 4) ORDER, 2022, the Medical Officer (Health), Medical Officer or public health officer has determined that:

You pose a high risk for the transmission of SARS-CoV-2 (Coronavirus COVID-19) and the Medical Officer (Health), Medical Officer or public health officer has determined that you are required to remain in the hotel property (or properties) stated below, for the duration of your stay, except as provided under paragraph 5(6), leave that abode or place of residence to visit any place certified by the Tourism Product Development Company Limited to be COVID-19 Resilient and located within the area of any part of the Resilient Corridor or that is listed in the Appendix hereto. You are required to report symptoms to the health desk in your hotel or to the health department and based on assessment, you may be required to be tested for COVID-19.

Hotel(s): \_\_\_\_\_  
\_\_\_\_\_

However, if you are fully vaccinated against COVID-19 (that is, you have received both doses of a vaccine required to be administered in two doses or one dose of a vaccine required to be administered as a single dose AND at least 14 days have passed since you received your last dose of the vaccine), you have the option to do a Reverse Transcription Polymerase Chain Reaction Test (RT-PCR) for COVID-19 at your own expense either within 72 hours prior to traveling to Jamaica or following your arrival in Jamaica at an approved testing laboratory (see <https://www.visitjamaica.com/travelauthorization/testing-labs/for> a list of approved laboratories).

If you conduct your RT-PCR test prior to arrival in Jamaica and your test result is negative, you will not be subject to the requirements to remain in the hotel property (or properties) stated above or to remain within the Resilient Corridor for the duration of your stay. If you conduct your RT-PCR test after arrival in Jamaica and your test result is negative, the requirements to remain in the hotel property (or properties) stated above and to remain within the Resilient Corridor for the duration of your stay will end on receipt of your result. If your test result shows that you are COVID-19 positive, you must immediately notify the \_\_\_\_\_ Health Department and isolate yourself from other persons in accordance with the isolation protocols of the Ministry with responsibility for health.

All persons who test positive OR become symptomatic are placed in isolation.

Notwithstanding the requirements detailed above, the Medical Officer (Health) may impose new or different requirements if the Medical Officer (Health) is of the opinion that circumstances have changed to necessitate the imposition of new or different requirements.

If you **fail to comply with these control measures, you commit an offence under Section 52 of the Disaster Risk Management Act** and shall be liable on summary conviction before a Judge of a Parish Court to a fine not exceeding one million dollars or to imprisonment for a term not exceeding twelve months.

The staff of this Health Department remains available to provide assistance and counselling to you concerning your possible exposure to SARS-CoV2 and compliance with these control measures.

Please refer to Health Alert Card (<https://jamcovid19.moh.gov.jm/HAC>) for accessing the public health system.

- (6) Notwithstanding sub-paragraph (3), during the period from February 25, 2022 to February 28, 2022, a person –
  - (a) to whom this paragraph applies; and
  - (b) whose abode or place of residence is within the area of any part of the Resilient Corridor described in paragraphs 10 and 11 or at a place referred to in sub-paragraph (1)(c)(ii),  
  
may, subject to the requirements specified in sub- paragraph (7), leave that abode or place of residence to visit any place that is-
    - (i) certified by the Tourism Product Development Company to be a COVID-19 Resilient—
      - (A) tourist attraction, located within any part of the Resilient Corridor described in paragraphs 10 and 11 or at a place referred to in sub-paragraph (1)(c)(ii); or
      - (B) restaurant, duty-free shopping mall, or craft market, located within any part of the Resilient Corridor described in paragraphs 10 and 11 or at a place referred to in sub-paragraph(1)(c)(ii); or
    - (ii) listed in the Appendix to Form C of the First Schedule of the Disaster Risk Management (Enforcement Measures) (No. 4) Order, 2022.

- (7) For the purposes of sub-paragraph (6), the requirements are that the person shall –
- (a) travel to and from the attraction or other place referred to in sub-paragraph (6) on transportation licensed under the Tourist Board Act; and
  - (b) for the duration of the visit to the attraction or other place referred to in sub-paragraph (6) –
    - (i) comply with all applicable provisions of paragraph 14(22) of the Disaster Risk Management (Enforcement Measures) (No. 4) Order, 2022; and
    - (ii) remain with the family or group with which that person travelled to the attraction or other place referred to in sub-paragraph (6).
- (8) Notwithstanding sub-paragraphs (3)(a), 4(c), (6) and (7), the person may leave the person’s abode or place of residence referred to in that sub-paragraph and may leave the Resilient Corridor described in the paragraphs 10 and 11, if –
- (a) the person has been fully vaccinated against the SARS- CoV-2 (Coronavirus COVID-19);
  - (b) not less than fourteen days have elapsed since the person received the dose of the vaccination required for the person to be medically considered as fully vaccinated against the SARS-CoV-2 (Coronavirus COVID-19); and
  - (c) the person tests negative for the SARS-CoV-2 (Coronavirus COVID-19) on a RT-PCR test taken, at the person’s expense, on the person’s arrival in Jamaica.
- (9) Sub-paragraphs (3)(a), (4)(c), (6) and (7) shall not apply to a person described in sub-paragraph (1) if –
- (a) the test provided by the person in accordance with sub-paragraph (2) is a negative COVID-19 RT-PCR test;
  - (b) the person has been fully vaccinated against the SARS – CoV-2 (Coronavirus COVID-19); and
  - (c) not less than fourteen days have elapsed since the person received the dose of the vaccination required for the person to be medically considered as fully vaccinated against the SARS – CoV-2 (Coronavirus COVID-19).

**6. Procedure Following Risk Assessment Of Person Who Is Not Ordinarily Resident In Jamaica, Visiting For Business Purposes.**

(1) Subject to sub-paragraph (5), a person who is not ordinarily resident in Jamaica and who seeks at any time during the period from –

(a) February 25, 2022 to February 28, 2022, to enter Jamaica for business purposes, shall, prior to boarding the vessel destined for Jamaica, provide at the port of departure a negative COVID-19 test, in respect of that person –

(i) in accordance with the specifications of the Ministry with responsibility for health and wellness; and

(ii) taken no earlier than three days prior to the date of departure for Jamaica,

and, upon arrival in Jamaica, shall remain in quarantine in accordance with a quarantine order issued under this paragraph; or

(b) March 1, 2022 to March 17, 2022, to enter Jamaica for business purposes, shall prior to boarding the vessel destined for Jamaica, provide at the port of departure a negative COVID-19 test, in respect of that person –

(i) in accordance with the specifications of the Ministry with responsibility for health and wellness; and

(ii) taken no earlier than three days prior to the date of departure for Jamaica,

(2) A person to whom any of the requirements of this paragraph applies and who is required to remain in quarantine shall be issued a quarantine order in the following form:

**THE DISASTER RISK MANAGEMENT (ENFORCEMENT MEASURES) (NO. 4) ORDER, 2022, PARAGRAPH 6**

**QUARANTINE ORDER FOR BUSINESS TRAVELLER**

A RISK-BASED PROTOCOL HAS BEEN INTRODUCED REGARDING TESTING AND RESTRICTION ON MOVEMENTS FOR PREVENTION AND CONTROL OF COVID-19.

All persons arriving in Jamaica are required to undergo a health screening and risk assessment.

**CONTROL MEASURES FOR PERSONS WITH POSSIBLE**

## **EXPOSURE TO SARS-CoV-2**

You have, or might have, been exposed to the SARS-CoV-2, virus that causes COVID-19, through travel or contact. Infection by the SARS-CoV-2 virus is an acute respiratory infection that may present with mild, moderate, or severe illness and may be fatal. The symptoms of acute respiratory infection include fever, cough, sore throat and difficulty breathing, and in some cases, diarrhoea, vomiting, abdominal pain, chest pain. If SARS- CoV-2 spreads in the community, it would have severe public health consequences.

In accordance with THE DISASTER RISK MANAGEMENT (ENFORCEMENT MEASURES) (NO. 4) ORDER, 2022, the Medical Officer (Health), Medical Officer or public health officer has determined that:

You pose a high risk for the transmission of SARS-CoV-2 (Coronavirus COVID-19) and the Medical Officer (Health), Medical Officer or public health officer has determined that you require testing for COVID-19 and you are to be quarantined until released by the Parish Health Department. If you test negative, the Parish Health Officer will advise you of your result and your release from quarantine.

If you are fully vaccinated against COVID-19 (that is, you have received both doses of a vaccine required to be administered in two doses or one dose of a vaccine required to be administered as a single dose AND at least 14 days have passed since you received your last dose of the vaccine), you have the option to do a Reverse Transcription Polymerase Chain Reaction Test (RT-PCR) for COVID-19 at your own expense within 72 hours prior to travelling to Jamaica. If your test result is negative, you will not be subject to the quarantine requirement in the previous paragraph.

You are required to conduct your business as described in your travel application, adhering to provisions of the Disaster Risk Management (Enforcement Measures) (No. 4) Order, 2022, and the infection and control guidelines issued by the Ministry of Health & Wellness, including minimal interactions with the general public. You are required to report symptoms to the health desk in your hotel or to the health department and based on assessment, you may be required to repeat the COVID-19 test.

Notwithstanding the requirements detailed above, the Medical Officer (Health) may impose new or different requirements if the Medical Officer (Health) is of the opinion that circumstances have changed to necessitate the imposition of new or different requirements.

Address: \_\_\_\_\_

**All persons who test positive OR become symptomatic are placed in isolation.**

**If you fail to comply with these control measures, you commit an offence under Section 52 of the Disaster Risk Management Act** and shall be liable on summary conviction before a Judge of a Parish Court to a fine not exceeding one million dollars or to imprisonment for a term not exceeding twelve months.

The staff of this Health Department remains available to provide assistance and counselling to you concerning your possible exposure to SARS-CoV2 and compliance with these control measures. Please refer to Health Alert Card (<https://jamcovid19.moh.gov.jm/HAC>) for accessing the public health system.

- (3) A person required to remain in quarantine under this paragraph shall be released from quarantine if the person provides, in accordance with the specifications of the Ministry with responsibility for health and wellness, a negative COVID-19 test, in respect of that person, taken after the person's arrival in Jamaica.
- (4) The test required to be provided by a person under sub-paragraph (3) shall be at the expense of that person.
- (5) A person shall not be required to remain in quarantine under sub-paragraph (1) if –
  - (a) the test provided by the person in accordance with sub-paragraph (2) is a negative COVID-19 RT-PCR test;
  - (b) the person has been fully vaccinated against the SARS-CoV-2 (Coronavirus

COVID-19); and

- (c) not less than fourteen days have elapsed since the person received the dose of the vaccination required for the person to be medically considered as fully vaccinated against the SARS-CoV-2 (Coronavirus COVID-19);

**7. Procedure Following Risk Assessment Of Person Who Is Not Ordinarily Resident In Jamaica, Visiting Other Than As Tourist Staying In The Resilient Corridor And Other Than For Business Purposes.**

- (1) This paragraph applies in respect of a person who:
  - (a) is not ordinarily resident in Jamaica; and
  - (b) seeks to enter Jamaica other than:
    - (i) as a tourist whose intended abode or place of residence in Jamaica is within the area of the Resilient Corridor described in paragraphs 10 and 11; or
    - (ii) for business purposes.
  
- (2) Where the person seeks to enter Jamaica at any time during the period from February 25, 2022 to March 17, 2022, the person shall, prior to boarding the vessel destined for Jamaica, provide at the port of departure a negative COVID-19 test, in respect of that person -
  - (a) in accordance with the specifications of the Ministry with responsibility for health and wellness; and
  - (b) taken no earlier than three days prior to the date of departure.
  
- (3) Subject to sub-paragraph (5), a person to whom this paragraph applies and who is permitted to enter Jamaica at any time during the period from February 25, 2022, to February 28, 2022 -
  - (a) shall not be required to be tested for the SARS – CoV-2 (Coronavirus COVID 19) for the duration of person’s stay in Jamaica pursuant to such permission, unless:
    - (i) the assessment conducted under paragraph 3 determines that the person poses a high risk of transmission of the SARS – CoV-2 (Coronavirus COVID-19); or
    - (ii) the person displays symptoms of the SARS – CoV-2 (Coronavirus

COVID- 19); and

(b) on being permitted to enter Jamaica, shall be issued a quarantine order in the form set out at paragraph 4(2) herein, and shall be required to remain in quarantine at the person's intended abode or place of residence in Jamaica for a period of 14 days beginning from the date on which the person enters Jamaica.

(4) A person to whom any of the requirements of this paragraph applies shall comply with-

(a) all applicable directions given, and requirements imposed, by an authorized officer; and

(b) the provisions of paragraph 9.

(5) In any case where –

(a) the person has –

(i) provided in accordance with sub-paragraph (2) a negative COVID-19 test, other than a RT-PCR test, and

(ii) been fully vaccinated against the SARS – CoV-2 (Coronavirus COVID-19), and not less than fourteen days have elapsed since the person received the dose of the vaccination required for the person to be medically considered as fully vaccinated against the SARS-CoV-2 (Coronavirus COVID-19),

the period of the quarantine under sub-paragraph (3)(b) shall be eight days; or

(b) the person has –

(i) provided in accordance with sub-paragraph (2) a negative COVID-19 RT-PCR test; and

(ii) been fully vaccinated against the SARS – CoV-2 (Coronavirus COVID-19), and not less than fourteen days have elapsed since the person received the dose of the vaccination required for the person to be medically considered as fully vaccinated against the SARS-CoV-2 (Coronavirus COVID-19),

sub-paragraph (3)(b) shall not apply.

(6) Notwithstanding sub-paragraph (5), the period of quarantine ends if –

(a) sub-paragraphs (5)(a) and (5)(b) apply to the person; and

(b) the person tests negative for the SARS – CoV-2 (Coronavirus COVID-19) on a

RT-PCR test taken, at the person's expense, on the person's arrival in Jamaica.

## **8. Electronic Monitoring**

- (1) During the period from February 25, 2022, to February 28, 2022, a person who is required to remain in quarantine under paragraphs 4, 5, 6 or 7 may be monitored by an electronic device.
- (2) The use of an electronic monitoring device under sub-paragraph (1) shall be solely for the purpose of preventing the transmission of the SARS-CoV-2 (Coronavirus COVID-19) into the community, and accordingly-
  - (a) the electronic monitoring device shall be used only to monitor:
    - (i) whether the person has left the designated quarantine area; and
    - (ii) the health status of the person;
  - (b) the electronic monitoring shall be terminated immediately on the expiration of the quarantine period; and
  - (c) all information obtained from the electronic monitoring shall be stored in a secure manner for the duration of the quarantine, and shall:
    - (i) be accessible only by the technical personnel responsible for implementing the monitoring, who may disclose it only to the following individuals:
      - (A) a member of the Jamaica Constabulary Force, not below the rank of Inspector, designated by the Commissioner of Police; and
      - (B) a Medical Officer (Health) and a Medical Officer; and
