

Flight Safety Notification

General

Flight Safety Notifications (FSNs) are not mandatory in nature, but provide means such as guidance, methods, procedures and practices acceptable to the Authority for complying with regulations and other requirements in a systematic manner. These are not necessarily the only means of compliance. FSNs may also contain explanations of regulations, other guidance material, best practices or information useful to the aviation community. Unless incorporated into a regulation by reference, FSNs are not regulatory and do not create or change a regulatory requirement. A change of a regulatory requirement may come in the form of a Directive. A Flight Safety Notification is not a Directive.

Jamaica Civil Aviation Authority 24-Hour Hotline

Reason for Revision

Standardization of format to all Flight Safety Notifications.

Purpose

This Notification is issued to the aviation industry as a reminder that a Jamaica Civil Aviation Authority Duty Officer is available on a twenty-four hour basis. This Duty Officer can be contacted by calling:

881-JCAA (881-5222).

The primary functions of the Duty Officer are to receive and record information and reports, act on those that require immediate attention such as accidents or serious incidents and to route any special requests from operators for assistance or alleviation to the appropriate Officer for action at the earliest possible time.

Approved by: _____

Lt. Col. Egbert Field (Ret'd)
Director, Flight Safety (Acting)
for Director-General of Civil Aviation
Jamaica Civil Aviation Authority
